February 28, 2017

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2015-16 educational progress for Christa McAuliffe Middle School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Kevin Biskup, principal, for assistance.

The AER is available for you to review electronically by visiting the following web site www.bangorschools.org or you may review a copy in the main office at your child's school.

For the 2016-17 year, no new Priority or Focus schools were named; some Priority or Focus schools were removed from this status because they met the exit criteria. New Reward schools were identified using school rankings and Beating the Odds information. A Focus school is one that has a large achievement gap between the highest and lowest achieving 30% of schools. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. A Reward school is one that has achieved one or more of the following distinctions: top 5% of schools on the Top-to-Bottom School Rankings, top 5% of schools making the greatest gains in achievement (improvement metric), or "Beating the Odds" by outperforming the school's predicted ranking and/or similar schools. Some schools are not identified with any of these labels. In these cases no label is given. Our school has not been given one of these labels.

The key challenges for our school are determined by the assessment data that is attached to this letter. Staff members are utilizing multiple sources of data including NWEA (Northwest Evaluation Association), PSAT test data, and M-STEP test results to target low achieving students in need of intervention. Based on this data, students are selected to receive a Math Lab intervention class that targets gaps in math skills and applies best practices to fill those achievement gaps to get students back on grade level. New strategies and activities are added into our school improvement plan to specifically target Math. Students that are below grade level in reading receive Levelled Literacy Intervention (LLI). ELA classes are implementing Writer's Workshop through the use of MAISA units for the fourth year and are working on all key areas of writing. All students at each grade level have a 100-minute ELA block that incorporates the best practices of the MAISA units in

both reading and writing. The focus continues to be on Reading, specifically in the area of informational reading, to help close achievement gaps in Science and Social Studies. This year a large initiative at CMMS is the implementation of the "Leader in Me" program. This program is based on Steven Covey's seven habits of highly effective people and helps foster and develop leadership qualities in our students. The goal of this program is to collaboratively create a culture of student empowerment based on the idea that every child can be a leader. In turn, the hope is to see a decrease in behavior and an increase in student achievement.

State law requires that we also report additional information:

1. Christa McAuliffe Middle School is the sole building in the district that houses all sixth, seventh and eighth grade students.

2. Christa McAuliffe Middle School participates in the AdvancEd school improvement process. This process requires that we have continuous school improvement goals that are addressed every year. To help guide our school improvement process we look at data from local and statewide assessments, staff, student, and parent surveys, as well as school data on discipline and attendance. This data is looked at over a five year time span to determine trends.

3. In addition to our sixth, seventh and eighth grade population, CMMS also houses a Bay-Arenac Intermediate School District Emotionally Impaired special education classroom.

4. Implementation of curriculum is facilitated at the district level in coordination with the Bay-Arenac Intermediate School District. Christa McAuliffe Middle School utilizes the Common Core State Standards to establish the curriculum for math and ELA, the Michigan Science Standards for science, and the Michigan Grade Level Content Expectations for social studies. Our curriculum can be found on our district Curriculum website <http://goaleym.wixsite.com/website>. CMMS has implemented programs that follow all state standards. We use Big Ideas Math, MAISA Writing and Grammar, a Reading Workshop approach, and we are in development of units to support the Michigan Science Standards. Social Studies is taught through the MAISA units.

5. At CMMS we use multiple data sources to monitor our students' progress, determine interventions, inform instruction, and guide our school improvement planning. One of these data sources at the district level is the NWEA assessment. Below is proficiency data from our winter 2016 NWEA testing.

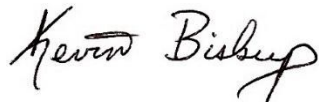

CMMS Winter 2016 NWEA Test Results

Grade	Math	Reading
6th	49%	51%
7th	61%	64%
8th	68%	73%

6. At our fall 2016 parent-teacher conferences, 39% of parents were in attendance. In addition to parent-teacher conferences, Christa McAuliffe Middle School utilizes Skyward, a web-based communication tool, to provide parents with access to grades, calendars, progress, teacher plan books and assignments on a daily basis. This has had an impact on the number of parents that choose to attend parent-teacher conferences.

I am very pleased with the accomplishments of our students, staff, and parents. CMMS continues to excel academically. It is my expectation that the partnership we have with all of our stakeholders will continue to pay dividends now and in the future. We have a challenge to increase academic achievement and prepare for college and career readiness standards. This will take everyone's best effort this year and in years to come. I know we can accomplish that goal if we work together. Thank you for your efforts both in the past and in the future.

Yours in education,

A handwritten signature in black ink that reads "Kevin Bishop". The signature is written in a cursive style with a large, stylized initial "K".
